PORTFOLIO

Web developer with a background in digital marketing and an eye for design. I build carefully crafted websites end to end, from the first sketch to the code, designed to be found and to convert. I bring five years of leading groups in early childhood education, which taught me organisation, patience and how to explain things clearly.

Available for an internship
3–6 months · can start immediately

Projects

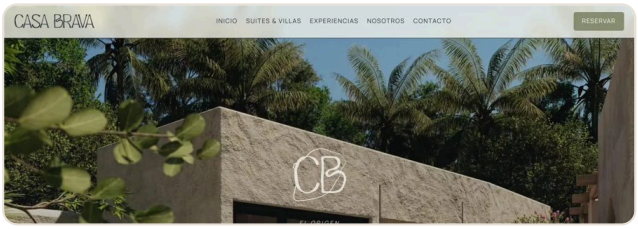

MASTER'S PROJECT · FULL STACK

Vagamundo

Small-group travel agency: trip catalogue, destination guides, a travel journal with comments and bookings with seat availability. Own API, JWT login and a statistics dashboard.

React · TypeScript · Node · Express · MongoDB

vagamundo-web.vercel.app ↗

MASTER'S PROJECT & REAL CLIENT · BOUTIQUE HOTEL

Casa Brava

Five-page editorial website for a retreat of villas in Lombok. Accessible (WCAG AA), with technical SEO, a mobile-first build and scroll animations.

HTML5 · CSS3 · JavaScript · GSAP

hellobymarta.github.io/casa-brava ↗

MASTER'S PROJECT · MARKETING

DEMYA Digital Marketing Plan

A full plan for a group of aesthetic clinics: website and SEO audit, social media, competitors, SWOT, SMART goals and KPIs, as an interactive web report and PDF.

Screaming Frog · PageSpeed Insights · Ahrefs

CLIENT · IN PROGRESS

Golden Chance Senior

Bilingual (ES/EN) landing page for a new senior living project: brand, copy, art direction and an enquiry form with privacy consent.

HTML5 · CSS3 · JavaScript · Vercel
